

NEXT LEVEL 2020

YOU'RE INVITED!

Comprehensive solutions, flexible and scalable technology, and the Weinig name to back it up. NEXT LEVEL 2020 will showcase it all.

Our goal is to help you meet your customer's demands through technology, efficiency, and ideas that move your business forward. Weinig Holz-Her equipment provides you scalable and flexible solutions for taking your production to the Next Level.

You're invited to see more than 35 powered machines showcasing the latest solid-wood and panel processing solutions. See intelligent material handling systems that will improve your productivity and yield. Enjoy a number of educational breakout sessions and brush up on machine care techniques during our maintenance workshops.
